Suggested Mailing Practices

Preparing Messenger Envelopes

Use U.S. Government Messenger Envelopes (SF 65-B) to transmit mail within USDA agencies. Mail to NFC, New Orleans, LA can also be sent in messenger envelopes (See Departmental Notice 3050-1, dated June 3, 1981).

When using U.S. Government Messenger Envelopes:

- (1) Completely strike out the previous address. In the next space, clearly write the complete address (Name Title, Agency, Room number and building) of the intended addressee.
- (2) Limit the address to one space.
- (3) Do not overstuff the messenger envelope and
- (4) Make sure the messenger envelope is securely tied.

Change of Address

Departmental agency users are responsible for promptly notifying their correspondents when there are changes in address, agency organizations or officials. This

will assist in preventing unnecessary delays in the delivery of mail. Incoming mail bearing an incomplete or inaccurate address will be delayed and may also be returned to the sender. Change of address forms may be obtained from your mailroom.

Do not use Government envelopes or services for personal mail

For further information and assistance in mailing, please contact your mailroom.

The
Professional
Problem
Solvers
Ltd.

Input for the preparation of this section was provided by the Professional Problem Solvers Ltd. Quality Circle, located in the Mail and Reproduction Management Division, Office of Operations.

This Quality Circle is comprised of eight employees from the Mail Services Section which meet regularly

to identify and recommend solutions to problems relating to the provision of centralized mail services in USDA agencies.

This was the third such project that this group has worked on since formation of the Quality Circle in July 1981.

Suggested Mailing Practices

5

The Department of Agriculture is the fifth largest mail user within the Federal Government. Last year's postage costs USDA \$58 million. In addition, approximately six million pieces of mail were received at headquarters from the private sector.

Because of the very magnitude of this mail volume, it is important that USDA employees follow proven mailing practices to ensure all mail sent to and from the Department reach its intended destination without unnecessary delay or cost. Among these important practices are

- (1) Including a complete return address on all outgoing correspondence.
- (2) Notifying your correspondents of changes in USDA addresses and officials.

Preparing Outside Correspondence

Use the right size envelopes and endorse all large, bulky pieces with the class of mail service desired. Generally, six pieces of paper will fit into a letter-size envelope (4-1/2" x 9-1/2"). Use standard envelopes with Government Postage and Fees Paid indicia for all mail sent through the U.S. Postal Service. Mail sent to other Government agencies through the U.S. Postal Service without an official mail indicium will not be acceptable for mailing and will be returned to your

mailroom or office. Mail sent through the U.S. Postal Service must be addressed to the agency street address instead of the agency (stop) number. (See Departmental Notice 3050-13 dated 6/23/83.) Mail addressed to the White House, Heads of Departments and Agencies, Congressmen and the Court should also be enclosed in Postage and Fees Paid envelopes.

To ensure correct delivery, please make sure that your outgoing mail contains the following:

- (1) The complete return address of the originator (Name, Agency and Building address). This information will eliminate time consuming processing of returned USDA-originated mail.
- (2) The full address of the addressee, including the ZIP Code.

Name of Individual or Organization
Organizational element (if necessary)

Long Distance Calls
